DEAR PARENTS AND CAREGIVERS

NGĀ MIHI NUI KI A KOUTOU KATOA. GREETINGS TO YOU ALL.

What an awesome school community we belong to!! Thank you to everyone who contributed so much, and in so many different ways, to the success of our wonderful school fair held last Saturday. The huge crowd of people who supported us enjoyed the festive atmosphere and the opportunity to spend some money!! They certainly had plenty to keep them occupied and well fed throughout the day, everything went off without a hitch. We were extremely well supported by our parents, the Cromwell and wider region community and every contribution guaranteed a “high quality event”. Special mention must be made of wonderful sponsors – G J Gardner (Platinum), Placemakers & The Five Stags (Silver) who supported this event so generously. Their sponsorship, alongside the many other Cromwell and Queenstown businesses who donated money, goods and services, helped to make the event a huge success and ensured a brilliant day for everyone.

CLASSES FOR 2020

The composition of classes each year is given careful consideration by both the Senior Leadership Team and classroom teachers with social factors including relationships with other children being considered when there is a choice of classes. In every class, either composite or straight year level, there is a range of academic achievement. We also consider gender balance in each class, but ultimately this is dependent on how many boys and girls we actually have at each year level. Sometimes there is quite a difference between these numbers. We work to ensure there are groups of children working at a similar level within each class, but academic ability is not a major factor when we are making decisions about classes. Most of our classes will be composite classes (two year levels combined) which is the norm in most schools and allows for greater flexibility of placement.

END OF YEAR REPORTING & STUDENT PROFILES

Testing processes for end of year reporting and student profiles have commenced in classes, as teachers begin to gather and collate student progress and achievement information in reading, writing and mathematics. This information, along with ongoing observations of children’s learning, is used to make an OTJ (overall teacher judgement) of each child’s achievement which is reported in their student profile. This is a very busy time for teachers and it is important that students maintain their focus on learning, to ensure they achieve their best possible results in assessments over the next few weeks.

BOARD OF TRUSTEES NOVEMBER MEETING

- Board members attended a special combined BoT & ECE Management Teams meeting on Monday 11th November to receive an update on the work of the Cromwell Kāhui Ako in 2019.
- At the November Meeting the BoT discussed the multipurpose project, transitions (within school and to college), 2019 wellbeing survey data.
- Community Consultation linked to the new 2020 – 2023 School Strategic Plan. This has involved a Student Panel (Years 6 & 9 students) sharing their thoughts around the United Nations Sustainable Development Goals; screening of the DVD “Most Likely to Succeed” and a survey which you can access from our website, the newsletter or through Facebook from Friday 22 November.
- Any parent is welcome to come along to our monthly BoT Meetings to see the board in action. Minutes are also available at the office on request.

LIBRARY VISITS K2 & K3

This year, students from Karearea 2 and 3 have enjoyed visiting the Cromwell Public Library every second Friday since Term 2. Each visit, Moniza Fenton (Library Team Coordinator) has presented the work of a different author - usually well known to the children through their favourite books. The children have all relished having their own library memberships and issuing their own choice of books at the self-issue station. When time allows, library trips are rounded off with playing at the flying fox park and to the sun dial clock to check the time - which is great fun!

Recently, K2 shared their book reviews with Moniza (Mo) who created this display on the wall at the Library. Thanks to Mo and the team at the Cromwell Library for making us feel so welcome and encouraging our students to be active members of the library.

YEAR 6 BUNGY TRIP

On November 8th our Year 6 students headed off to the A.J. Hackett Bungy Site to take part in their annual birthday celebration. The purpose of this trip was to say thank you to this group, for the leadership they have provided throughout the year. Parental permission was granted to allow Harlym W, Anika L and Isla L to bungy

jump and for James L, Baxter C and Anne P to enjoy a zip ride. These children were nominated by their peers, and endorsed by staff members who recognised that they consistently demonstrate our school values of excellence, respect, honesty and contribution. The group had a chance to watch a DVD about the history of the bungy, and to see some “stunt bungy jumps”, as part of the celebrations. A BBQ and party treats was also included, so it was a wonderful way to recognise the contribution these children have made to our school.

FITNESS & NUTRITION ACADEMY

A selection of year 3, 4, 5 & 6 children have been given the opportunity to participate in a one day Nutrition and Fitness Academy. The day is designed to help children develop an awareness of their own health and well-being in a fun, positive energetic & interactive environment. So far those involved have enjoyed the program & feel they have learnt a lot.

One Summit - Wanaka 2019

The enviro group had the privilege to be involved with the One Summit in Wanaka this term. We were able to listen to a variety of speakers who shared their knowledge, passion and expertise in areas ranging from pest control, reducing waste to regeneration of areas to improve water quality. The talks were based around the United Nations Sustainable Development Goals. We were able to take part in a regeneration day where we learned about pest control, native planting and water quality. We will be exploring these goals further this term and into next year to see which of these we can really make a difference with in our community. Thank you to the parent helpers who accompanied us and learned alongside us!
